

MPFR-6: 6' Fiberglass Folding Ruler – Inside Reading with Center-Point Markings

Features & Benefits:

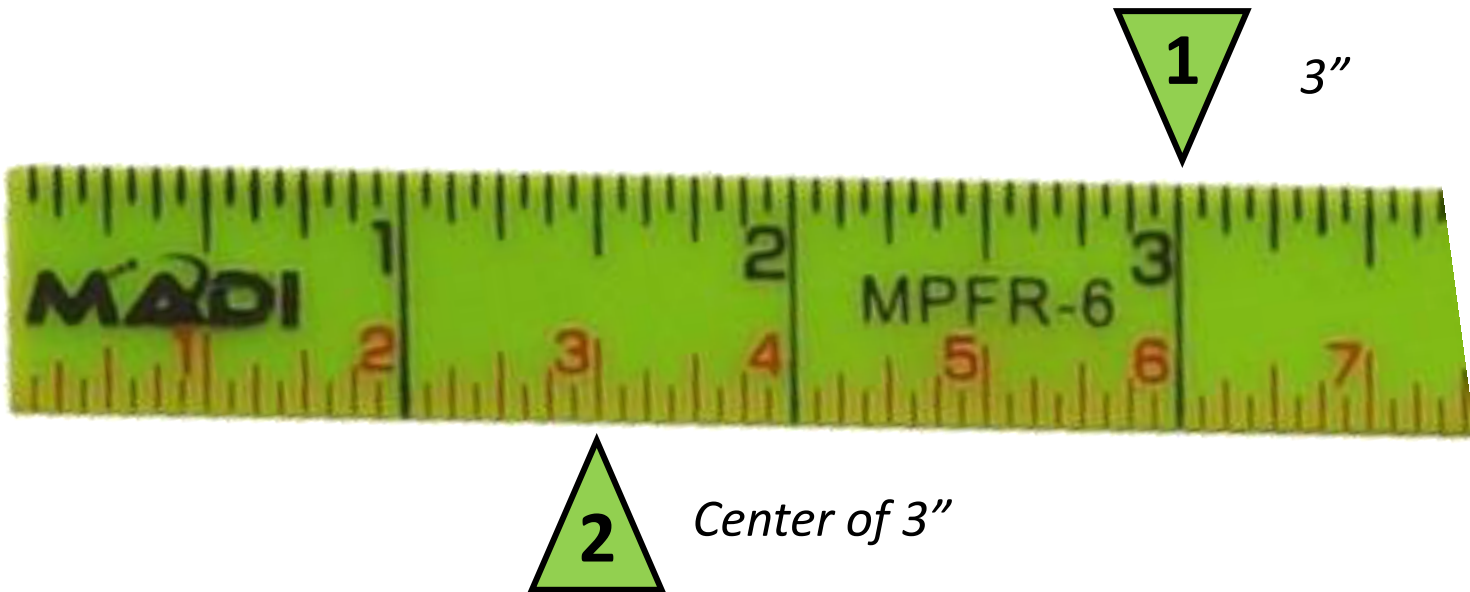

- *Easy to read black markings on green background*
- *Red center-point markings to quickly find the middle – great for any drilling*
 - *Concrete pole drilling*
- *Inside reading for easy and precise layout*
- *Measurements are marked on both sides and both edges graduated to 1/16-Inch*
- *Compact 8" folded length and 72" extended length*
- *Engraved graduations on both sides for maximum abrasion resistance*
- *Constructed of glass-reinforced nylon for maximum durability and weather resistance*
- *Positive locking joints with corrosion-resistant stainless steel spring hinges for maximum reach*
